Helen is correct - we're not supposed to be using contractors for items we can do ourselves. Please take out this task.

Denise

I have some questions for you on the new WA -- will there be non-RAS samples that will need to be analyzed??? Also you have a end date of 9/30/2013?? is that correct??

The proposed plan support subtask #2.5 will be deleted --the proposed plan will be prepared by the RPM and not the contractor as per ERRD management.
